Welcome Message

Dear Colleagues,

On behalf of the annual ISPN Meeting, it is our pleasure to invite you to the 46th Annual Meeting of the International Society for Pediatric Neurosurgery taking place in Tel Aviv on 7-11 October 2018.

The pediatric neurosurgical community has grown in the last 46 years. Many national pediatric societies and groups have been founded and have joined the ISPN. Today, our annual meeting hosts over 600 delegates from all over the world.

Our practice is dynamic and has changed greatly over the course of 46 years: The 2018 meeting in Tel Aviv will reflect on these topics and breakthroughs that affect our daily dilemmas as care providers.

While embracing these changes and developments, we still preserved one very important feature: Our close-knit community. The ISPN annual meeting is the highlight of the year for pediatric neurosurgeons, where we build knowledge, meet new colleagues and form world-wide collaborations.

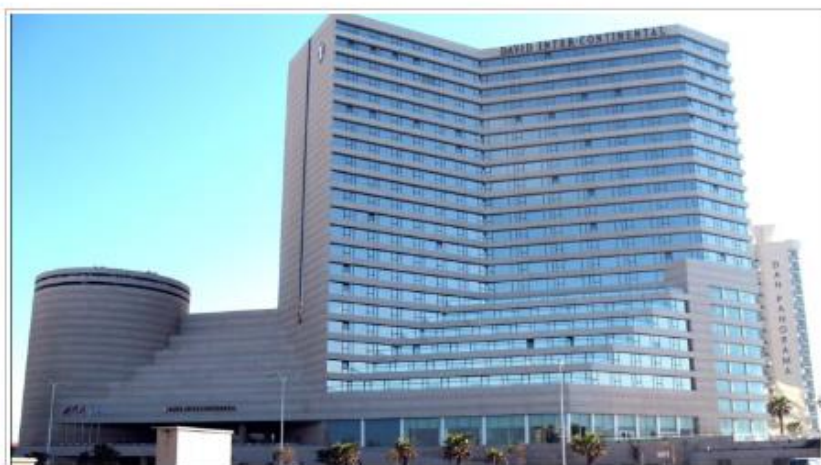

You are invited to a very special region of the world, where you will find a historic mixture of cultures, including the spiritual atmosphere of Nazareth and Jerusalem, and the free spirit of Tel Aviv. Israel is a unique mix of the ancient and the modern; from archaeological sites to start-ups, from top-notch museums to walking on the beach, from street food to gourmet food. It is an experience like no other.

We look forward to welcoming you to Tel Aviv to enjoy a program led by academic excellence and enriched by invigorating social elements.
